Subject: a new look for 2007
To: <paulrbuckley@gmail.com>

Beloved friends,

There are many good things to report for God's work in my life this past year. My (1 page) newsletter highlights a few of the things worth bringing to your attention.

http://www.opcnorman.org/Wycliffe/EricPyle/newsletters/heart_lang_exp_feb07.pdf

Here are the headlines:

- Fieldworks Language Explorer 1.0 (FLEx) has been released!
- Fieldworks is Free!
- Seminary Bookmark
- 2006 Annual Report
- Check-IT-Out in Dallas (May 18 & 19)

If you've been following my past newsletters, you may notice the new style. What better way to celebrate what God has done for us last year and what He will do for the new year!

Serving In His Name,
Eric D. Pyle

ps. Before you forget, if you have a newsletter that you send out to your friends and family every year, could you also add me to your list? Or if your church has a newsletter or prayer requests you can share, I'd like to receive those updates as well. I like to stay in tune with everyone's lives as much as possible!
